

Drain Surgeons

Your First Aid for Blocked Drains

HD Profiler System

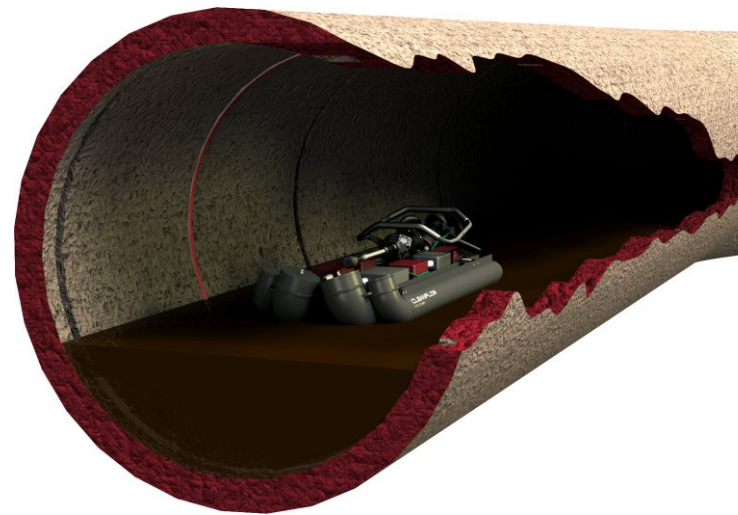

***“Why Walk Through... When You Can Float Through...
Continuous Inspections up to 3 kms”***

Drain Surgeons are industry leaders in 'large bore' pipeline investigations.

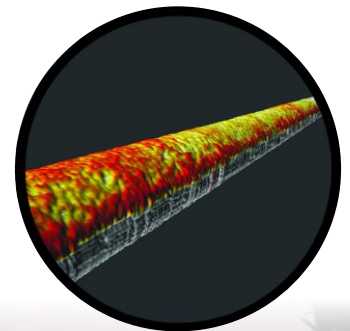

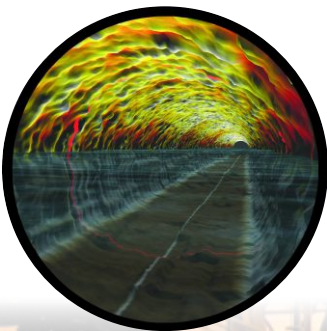

Using state of the art laser, sonar and high definition CCTV profiling systems.

Our detailed reporting will provide the following:

- Corrosion Levels
- Debris Levels
- Pipe Integrity
- Accurate Pipe Measurements

This will allow informed decisions to be made regarding pipeline rehabilitation.
